

Our case for better care

Mary Phillips BSc (Hons) RD DipADP, Advanced Clinical Practitioner (Hepato-pancreatico-biliary dietetics), Royal Surrey County Hospital, Post graduate researcher, University of Surrey, Royal Surrey County Hospital

The problem with accessing better care

People with pancreatic cancer commonly experience complex symptoms and a lack of support to manage them

Our solution to improving care

Everyone with pancreatic cancer should get advice, care and support from dedicated expert professionals from diagnosis, and throughout their pathway.
