

Optimising quality of life in pancreatic cancer, 10/09/2025

Nicci Murphy - Clinical lead, Specialist Nurse, Pancreatic Cancer UK

Nicci has been nursing for 20 years, she started her career as a district nurse, going on to specialise in palliative care before moving to secondary care, working in oncology in a city hospital providing support to individuals and their families affected by a cancer diagnosis, including pancreatic cancer. For the last five years Nicci has been working as a Specialist Nurse at Pancreatic Cancer UK.

Lynne McCallum - Specialist Nurse, Pancreatic Cancer UK

Lynne qualified in 2003 and has worked supporting pancreatic cancer patients ever since. Her background is in oncology, having worked as a junior nurse in chemotherapy services both in the inpatient and outpatient setting and as a nurse specialist since 2011. She started a role with Pancreatic Cancer UK as a Pancreatic Cancer Nurse Specialist in 2017.

More speakers to be confirmed soon.
